Monument, CO 80132

Job Title: Test Engineer/Quality Assurance

Location: Herndon, VA

Security Clearance: TS/SCI with CI Poly

E&M Technologies is seeking an experienced **TEST ENGINEER/QUALITY ASSURANCE** to provide technical expertise in support of a mission critical Enterprise Identity & Access Management (IdAM) system. The Software Test Engineer will perform unit and integration tests within development, test, and operational environments. The Test Engineer will test a mixture of custom code, COTS products, and web services in both traditional on-premises and cloud environments. The Test Engineer will communicate test results and progress to internal and external stakeholders.

Responsibilities:

- Perform functional tests using both front-end and command line interfaces.
- Create, execute, and maintain technical documentation for integration tests
- Communicate directly with customers and internal team leads to coordinate relevant testing
- Perform testing in development, test, and production environments
- Communicate with internal and external stakeholders on test progress during daily scrum meetings

Qualifications:

- Demonstrated knowledge of software testing concepts
- Experience testing software and troubleshooting root causes
- Experience solving a broad range of technological challenges in a dynamic environment
- Ability to work successfully in a team and work independently
- Ability to facilitate and communicate to multiple audience levels in both oral and written formats.
- Ability to follow technical testing procedures and evaluate results.

Additional Preferred Skills:

- Knowledge of test tools such as SoapUI, LoadRunner, Selenium, TOAD, pgAdmin
- Knowledge of authentication standards using OAuth, SAML, PKI
- System administration skills in support of RHEL, SE Linux, Solaris, Windows, Apache, IIS
- Knowledge of software development lifecycle (SDLC), Scrum, and Agile processes
- Knowledge of Oracle Identity and Access Management suite, including OAM, OID, OVD, OHS

E&M Technologies offers competitive salaries, medical benefits, and a 401k plan.

To Apply for this Position:

You must have the listed skills and experience in your resume to be selected for an interview. Send your resume to emtech@eandmtech.com

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, marital status, national origin, age, veteran status, disability, or any other protected class. U.S. Citizenship is required.
