Monument, CO, 80132

Job title: Collective Training Exercise Integrator

Location: Schofield Barracks, HA

Shift work: No

Security clearance Required: Top Secret/SCI

E&M is actively seeking a Collective Training Exercise Integrator in support of the U.S. Army INSCOM Training, Readiness and Exercise. An Army Direct Reporting Unit executes mission command of operational intelligence forces; conducts worldwide multi-discipline and all-source intelligence operations; delivers advanced skills training, linguist support, specialized quick reaction capabilities, and intelligence-related logistics, contracting, and communications in support of Army, Joint, and Coalition commands and the National Intelligence Community.

Responsibilities:

- Provide liaison and direct support to the operational commander / SIO responsible for generating an operational environment for home station collective training exercises.
- Supporting Army, Joint, Combined WFXs, training of brigade combat teams, functional and multifunctional brigades, expeditionary sustainment command and sustainment brigades, and Army special operations forces embedded or standalone WFXs.
- Scenarios will feature the Decisive Action Training Environment (DATE) or current real-world threat profiles; make use of hybrid threat doctrine, and integrate Unified Action Partner capabilities to meet operational training objectives

Required Skills:

- Minimum of 10 years of operational experience
- Experience with exercise scenario development
- Recent (i.e., within two years) CTC/ACTC/MCTP experience
- Familiarity with leveraging Army Training Network (ATN), Combined Arms Training Strategy (CATS), and METL development tools

Preferred Qualifications:

- Familiarization with DATE, employment of Training Aids, Devices, Simulators and Simulations (TADSS), Mission Scenario Event List (MSEL) development, and Synthetic Training Environment Initiatives (STE)
- Observer/Controller/Trainer (OC/T) experience
- 5 years of military experience serving in an All-Source-related mission

E&M Technologies offers competitive salaries, medical benefits, and a 401k plan.
