

E&M TECHNOLOGIES, INC.

854 Woodmoor Acres Dr.,
Monument, CO, 80132

Job title: Defense Assessment Analyst

Location: Sierra Vista, AZ

Security Clearance Required: Top Secret/SCI with SSBI Investigation

This position requires Shift Work

E&M is actively seeking a DEFENSE ASSESSMENT ANALYST in support of the United States Army Regional Cyber Center-Continental United States.

Responsibilities:

The Defense Assessment Analyst will conduct persistent penetration testing on all supported networks. Typical daily duties will include:

- Execute tactical overwatch operations and network surveillance of the Department of Defense Information Network - Army to conduct open network testing.
- Verify network deficiencies by identifying potential weaknesses and circumventing the defensive posture to gain access onto the network and recommending mitigation actions.
- Maintain and document training and use of all vetted Penetration Testing (PT) Tools.
- Conduct Web Assessment of all registered public facing web sites.
- Analyze results to rule out false positives.
- Address Cross-Site Scripting, SQL inject, embedded passwords, and common port

Skills and Experience Requirements:

- Minimum five (5) years demonstrated/practical hands-on experience performing defense assessment analysis in a DoD network environment
- Have a thorough understanding of Federal Information Processing Standards Publication (FIPS) 199, Standards for Security Categorization of Federal Information and Information Systems.
- Knowledge of ARCYBER Computer Defense Assistance Program (CDAP) tools.

Certificates Required:

- DOD 8570 applicable certifications for IAT level III
- Global Information Assurance Certification (GIAC) - Systems and Network Auditor (GSNA), Certified Ethical Hacker (CEH), and Certified Wireless Network Administrator (CWNA)

E&M Technologies offers competitive salaries, medical benefits, and a 401k plan.
