

E&M TECHNOLOGIES, INC.

854 Woodmoor Acres Dr.,
Monument, CO, 80132

Job title: Incident Handler

Location: Sierra Vista, AZ

Security Clearance Required: Secret; Top Secret Preferred

This position requires Shift Work

E&M is actively seeking an INCIDENT HANDLER in support of the United States Army Regional Cyber Center-Continental United States.

Responsibilities:

Support DoD Cybersecurity operations by coordinating defensive Cyberspace operations during critical and high-tempo operations in accordance with established policies and best practices.

Monitor, analyze, and detect Cyber events and incidents within information systems and networks.

Consult on integrated, dynamic Cyber defense and leverage Cybersecurity solutions to administer Cybersecurity operational services, including intrusion detection and prevention, situational awareness of network intrusions, security events, data spillage, and incident response actions.

Participate in testing, deploying, and administering the infrastructure hardware and software required to effectively manage the organization's Cybersecurity operational services, as needed.

Skills and Experience Requirements:

- 3+ years of experience with network security
- Experience with event escalation and reporting procedures and supporting network investigations
- Knowledge of TCP/IP communications and how common protocols and applications work at the network level
- Knowledge of network monitoring, analysis, troubleshooting, and configuration control technologies
- Ability to learn and adapt quickly
- Ability to demonstrate analytical expertise, strict attention to detail, and critical thinking, logic, and solution orientation
- Experience with working in a 24/7 SOC environment, including shift work
- Experience in managing cases with enterprise SIEM and logging systems
- Possession of excellent oral and written communication skills

Certificates Required:

- Security+ CE and CEH Certifications required

Education Required:

- BA or BS degree in Engineering, CS, Information Security, or Information Systems
