

Job Title: All-Source Analyst

Location: Ft Meade, MD

Security Clearance: TS/SCI

E&M Technologies is currently seeking an **All-Source Analyst CONUS Counterintelligence Coordinating Authority (CCICA)** to support a Federal government client.

Position Requirements Include (but not limited to):

- Provide focused analysis of counterintelligence (CI), counterterrorism (CT), counterespionage (CE), insider threat (IT), and cyber CI investigations in support of the CI Investigative Mission
- Review and edit Intelligence Information Reports (IIR), and provide an IIR Feedback and Instructional Assessments to CI teams
- Conduct analysis using intelligence and information from multiple sources to assess, interpret, forecast, and explain a range of national security issues and developments that are regional or functional in nature
- Provides all-source analytic support to collections, operations, investigations, and other defense intelligence analytic requirements.
- Maintain reporting statistics and assess past collection to assist commanders in determining the impact of their operations and shaping future collection
- Assess source placement, access, value, control, reliability, and credibility based on historical reporting and CM&D-related tasking from United States Army Intelligence and Security Command (INSCOM)
- Must have experience with AR 381-12 (Threat Awareness and Reporting Program); AR 381-20 (US Army Counterintelligence); AR 381-10 (US Intelligence); and DoDI 5240.23 (CI Activities in Cyberspace)

Required Experience/Education

- Must have experience with AR 381-12 (Threat Awareness and Reporting Program); AR 381-20 (US Army Counterintelligence); AR 381-10 (US Intelligence); and DoDI 5240.23 (CI Activities in Cyberspace).
- Graduate of in-residence Fundamentals of Intelligence Analysis course or Military Service equivalent
- High school diploma with at least 12 years of relevant experience; an associate degree with at least 10 years of relevant experience; a bachelor's degree with at least 8 years of relevant experience; or a master's degree with at least 6 years of relevant experience
- At least a portion of experience must be within the last 2 years
- Demonstrated working knowledge of the concepts involved in the specific functions outlined in the job description
- Knowledge of and demonstrated ability to apply Intelligence Community (IC) and DoD classification guidelines and procedures
- Demonstrated ability to work semi-independently with oversight and direction
