

Job Title: Senior Counterintelligence Specialist - Signature Reduction (SR)

Location: Ft Meade, MD

Security Clearance: TS/SCI

E&M Technologies is currently seeking a **Senior Counterintelligence Specialist - Signature Reduction (SR)** for Classified Operations to support a Federal government client.

Position Requirements:

- Identify, monitor, and assess foreign intelligence efforts attempting collection of sensitive national security information on U.S. persons, activities, and interests, including threats posed by emerging technologies to U.S. operations and interests
- Apply understanding of foreign intelligence capabilities / activities and U.S. and foreign partner CI capabilities and TTPs for in-depth analytic research and production of all-source CI studies
- Conduct, develop, produce, and present programs of instruction in specified collection operation TTPs supporting processes, relevant to the various human intelligence and technical intelligence operations under DoD authorities
- Assess intelligence from reporting; disseminate evaluations back to reporting elements to apprise them of the quality and value of the reporting and coordinate with analytical elements to identify information gaps and under-reported requirements
- Maintain reporting statistics and assess past collection to assist commanders in determining the impact of their operations and shaping future collection
- Assess source placement, access, value, control, reliability, and credibility based on historical reporting and CM&D-related tasking from United States Army Intelligence and Security Command (INSCOM)

Required Education/Experience

- Graduate of either the Advanced Technicians Course (ATC) or the Advanced Planners Course (APC)
- Graduate of in-residence Fundamentals of Intelligence Analysis course or Military Service equivalent
- 2 years of experience as a SR technician, delivering dedicated SR support
- Experience in working with Signature Reduction databases
- High school diploma with at least 12 years of relevant experience; an associate degree with at least 10 years of relevant experience; a bachelor's degree with at least 8 years of relevant experience; or a master's degree with at least 6 years of relevant experience
- At least a portion of experience must be within the last 2 years

E&M Technologies offers competitive salaries, medical benefits, and 401k plan.
