

E&M TECHNOLOGIES, INC.

854 Woodmoor Acres Dr.,
Monument, CO, 80132

Job title: Cyberspace Intelligence Planner Senior

Location: Fort Meade, MD

Security clearance Required: TS/SCI with CI Polygraph

E&M is actively seeking a Cyberspace Intelligence Planner personnel.

As a Cyberspace intelligence planner on our team, you'll help support our clients in facilitating cyberspace intelligence planning in support of a range of activities. In collaborating and working across Joint Planning Groups (JPGs), Operational Planning Teams (OPTs), and Intelligence Planning Steering Groups, you'll develop, manage, and coordinate intelligence tasks lists aligned to Joint Intelligence Preparation of the Operational Environment that identify production requirements and designate assignments. As part of JPG and OPT planning efforts, you will facilitate Intelligence Estimates, Priority Intelligence Requirements, Center of Gravity (CoG) analysis, Most Likely and Most Dangerous Adversary Course of Action (MLCOA/MDCOA) and synchronize intelligence activities to enable target development. You'll share your expertise with other analysts through leadership and mentoring. We focus on growing as a team to deliver the best support to our customers, so you'll have resources to learn new skills and tools. Join us as we provide the right information at the right time to support the critical needs of our warfighters and our nation's leaders.

Required Skills:

- 8+ years of experience with intelligence planning and operations for military intelligence or cyberspace operations
- Experience with coordinating production of National Intelligence Support Plans (NISP)
- Experience with participating in Intelligence Planning Steering Groups (IPSGs)
- Knowledge of the Joint planning process, including JPG or OPT
- Knowledge of commonly used intelligence tools and databases, including Tripwire, Intellipedia, or Palantir
- Knowledge of Combat Targeting and Combat Fires processes

Education Required:

- BA or BS degree

Desired Skills and Experience:

- 12+ years of experience with intelligence planning and operations for military intelligence or cyberspace operations
- Ability to operate independently or as a team supporting command priorities
- MA or MS degree preferred
- CompTIA A+ or CompTIA Network+ Certification

E&M Technologies offers competitive salaries, medical benefits, and a 401k plan.
