

E&M Technologies
4465 Northpark Drive, Suite 304
Colorado Springs, CO 80907

POSITION: Threat Cyber Analyst
Work Location: Charlottesville, VA
Required Clearance: TS/SCI

E&M Technologies, Inc is seeking a Threat Cyber Analyst to join our team in support of the U.S. Army INSCOM National Ground Intelligence Center (NGIC) Cyber Analysis Support Services (CASS). As the Threat Cyber Analyst, you can produce written all-source assessments based on the science and technology analysis of cyber threats to U.S. systems. You will also provide tailored cyber threat assessments of U.S. Army systems based on the most current intelligence available, specific to the technologies utilized in current and future systems. You will also be able to provide tailored assessments of specific foreign threat cyber capabilities including forecasts for future capabilities. You will continually interface with and provide briefings to customers needing threat cyber science and technology analysis and discuss their specific technical issues. We hope you can join us as we shape the future of our nation's defense. E&M Technologies offers competitive salaries, medical benefits, and 401k plan.

Required Experience/Education

- Network device and configuration technology
- Risk management
- Technical threats (malware, zero day, application, wireless) & vulnerabilities (penetration testing, fuzzing, secure coding, device encryption, physical and logical layers)
- Secure software development
- Operating systems (including Windows, Linux, QNX, and RTOS)
- Virtualization
- Authentication, access control, & data protection
- Protocols
- Cloud
- Intrusion & signature detection
- Incident response/recovery
- Cryptography
- Digital forensics
- Embedded system design
- Experience in researching, creating, developing, and delivering professional briefings, multimedia presentations, and written reports
- Security+, Network+, or CompTIA Certification
- Bachelor's degree in electrical or computer engineering, computer science, or directly related field of study (Experience may be substituted for education)

E&M TECHNOLOGIES, INC.
