

E&M TECHNOLOGIES, INC.

854 Woodmoor Acres Dr.
Monument, CO 80132

Job Title: Windows CNO Developer
Location: Emerson
Security Clearance: TS/SCI with Poly

E&M Technologies is currently seeking a **CNO Developer** to be responsible for developing, modernizing, and testing various software products across both x86 and x64 architectures. The developer will have regular interaction with product users to replicate and fix flaws in the initial design. The developer will integrate with the overall frameworks and understand the entire end-to-end system.

Required Experience:

- CAP2 or CAP3
- Solid experience with C, x86/64 assembly, and Python
- Solid Windows development experience (User and/or Kernel)
- Experience with network programming (sockets/TCP/IP)
- Experience with the Win32 API and Visual Studio development environment

E&M Technologies offers competitive salaries, medical benefits, and a 401k plan.

To Apply for this Position:

You must have the listed skills and experience in your resume to be selected for an interview. Send your resume to emtech@eandmtech.com

All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, marital status, national origin, age, veteran status, disability, or any other protected class. U.S. Citizenship is required.
