

**E&M TECHNOLOGIES, INC.**

E&M Technologies  
4465 Northpark Drive, Suite 304  
Colorado Springs, CO 80907

**POSITION:** Configuration Management Engineer  
**Work Location:** Colorado Springs, CO - Citadel  
**Required Clearance:** Secret  
**Shiftwork:** Occasional

**E&M Technologies, Inc.** is currently seeking a **Configuration Management Engineer** to support a Federal government client.

**Position Requirements:**

- Perform configuration management baseline control of operational release products for all operational software increments.
- Execute Help Pages and Job Aids for building both Mission and OS/COTS software releases and creating install packages for our various elements.
- Update DRs as required to document CM release processing steps and to report discrepancies.
- Work closely with System Engineering, Development and Test teams to ensure all issues are resolved in a timely manner.
- Provide release planning inputs to ensure that required fixes are delivered in time to support key operational fielding milestones.
- Perform security procedures to ensure Restricted Data is controlled.
- Prepare and review Contract Data Requirements List (CDRL) items.
- Generate, track, and ship all operational media for software installs.
- Generate and distribute Version Description Documents (VDD) for operational software and database deliveries.
- Ensure release build content matches both the review boards listing and the VDD.
- Generate Turnover Letters for products and miscellaneous scripts as required.
- Maintain procedures and ensure required periodic reviews are conducted.
- Assist in maintaining CM SharePoint site.
- Routinely track release metrics.

E&M Technologies offers competitive salaries, medical benefits, and a 401k plan.

**To Apply for this Position:**

You must have the Required Qualifications in your resume to be selected as a candidate.
