Job Title: Reachback IO Planners
Location: Ft Belvoir, VA
Security Clearance: TS/SCI

E&M Technologies is currently seeking a **Reachback IO Planners.**

Responsibilities:
- Conducts all-source analytic production on foreign military, political, and security-related issues including, but not limited to, regional military capabilities, strategy, doctrine, operations, leadership intentions and decision-making, military leadership, defense and security policies, irregular warfare, civil-military relations, and defense relations with the U.S. and other countries.

Minimum Experience:
- Demonstrates comprehensive mission knowledge and skills that affirms completion of all developmental training and experiences for the labor category.
- Demonstrates the ability to communicate understanding from information that may be incomplete, indirect, highly complex, seemingly unrelated, and / or technically advanced.
- Demonstrates ability to structure analysis based on trends in reporting and a range of analytic perspectives from other analysts, organizations, and intelligence disciplines.
- Demonstrates ability to work independently with minimal oversight and direction.
- Demonstrates ability to collaborate and work with other IC members on information sharing, driving collection, and addressing analytic disputes and conflict resolution.
- Demonstrates ability to develop concise, insightful, and comprehensive products for defense intelligence.
- Demonstrates ability to lead teams in researching multifaceted or critical problems. Provides guidance in selecting, designing, and applying analytic methodologies. Uses argument evaluation and validated analytic methodologies to challenge differing perspectives.

Required Training/Certification:
- Army Information Operations Planner course - AIOPC

Desired Experience/Education:
- Desired Experience: At least 8 years of experience conducting analysis relevant to the specific labor category with at least a portion of the experience within the last 2 years.
- Desired Education: Bachelor's degree in an area related to the labor category from a college or university accredited by an agency recognized by the U.S. Department of Education.

E&M Technologies offers competitive salaries, medical benefits, and a 401k plan.
