

E&M TECHNOLOGIES, INC.

854 Woodmoor Acres Dr.,
Monument, CO, 80132

Job title: Hardware Engineer SME

Location: Colorado Springs, CO

Security clearance Required: Top Secret

E&M is actively seeking a Hardware Engineering SME personnel to join our team in support of the U.S. Air Force North American Aerospace Defense Command (NORAD) Cheyenne Mountain Complex Integrated Tactical Warning/Attack Assessment (NCMC-ITW/AA) Sustained Support Contract (NISSC).

NISSC provides accurate, timely, and unambiguous warning and attack assessment of Air, Missile, and Space threats with daily visibility of National Command Authority leaders including the President of the United States.

NCMC-ITW/AA is composed of Air, Missile, and Space Warning Missions located at Cheyenne Mountain AFS, Peterson AFB, Offutt AFB, Vandenberg AFB, and forward user and sensor sites worldwide.

As a Hardware Engineer you will be responsible for hardware support to Delivery Orders, System Change Requests, and Engineering Investigations. You will ensure that cost, schedule, and technical performance comply with program needs.

Required Skills:

- A minimum of 5 years of experience as a hardware engineer
- Leadership experience in hardware engineering concepts and principles of standard engineering practices, methods, and techniques in support of medium to large engineering programs.
- Experienced author of implementation documentation and installation in work centers.
- Ability to represent systems solutions to all levels of contractor and Government customer representatives.

Desired Skills:

- Experience with ITW/AA Communications System engineering, deployment and installation.
- Experience with engineering drawing applications and creation of contract specific documents (Reports, Site Preparation and Installation Plan, briefing slides, etc.)
- Experienced in DoD communications system engineering and implementation of mission critical capabilities.

Education Required:

- Bachelor's Degree in Computer Science or Computer Engineering or Information Technologies Discipline & 5 yrs applicable experience (Advanced Applicable degree & 3 yrs experience)

E&M Technologies offers competitive salaries, medical benefits, and a 401k plan.
